PROJECT B - TIPPECANOE VILLA

Identification and General Description

The Tippecanoe Villa Residential Facility was built in 1972. The heating system was a buried copper tube water system that had a long history of leaks and other related problems. In 1992-93

the Board of Commissioners replaced the heating system with a forced air system sectored by Villa wings and added central air conditioning and upgraded the fire alarm warning system. Future plans for the Villa complex include removal of the vacant/unused buildings and relocation of the pump house, and asbestos abatement.

Total Project Cost

\$297,737.85 was the cost of the HVAC system and fire warning alarm system. The funding was \$132,522.85 from the General Fund and \$165,215.00 from the Cumulative Capital Fund. The estimate for building removal, pump house relocation, and asbestos abatement as of 1994 was \$50,000.00.*

Identification of All Sources of Funds for Project

Funds may come from the Cumulative Capital Fund or General Fund or a combination of both.

**PROJECT E - TIPPECANOE COUNTY OFFICE BUILDING
IMPROVEMENTS**

Identification and General Description

The County Office Building was constructed in 1958 as a retail department store and purchased by the Board of Commissioners for use as an office building in the mid 1970's. In 1988 a feasibility study for the Courthouse and County Office Building was conducted by Schmidt Associates Architects and Rutz Engineers. The 1988 study identified the need to upgrade or replace the existing mechanical and electrical systems. The lighting, ventilation and acoustic deficiencies were noted as well as the public accessibility barriers. In 1993, the Board of Commissioners hired Schmidt Associates, Inc. to conduct an updated feasibility study with updated parameters. These parameters included utilizing existing elevators, providing additional public meeting space, improving accessibility, HVAC, lighting, electrical, life safety systems and technological capabilities. In short, to convert TCOB from an old department store to a usable, safe and accessible County Office Building for employees and the public with a usable life span of another forty years.

Total Project Cost (\$5,713,159.50 = \$24,376.50 Health Department remodeling plus \$5,688,783.00 General Tippecanoe County Office Building Renovation) including construction, technological systems, architectural fees, and furniture.

PROJECT F - 629 OFFICE BUILDING CONVERSION

Identification and General Description

The 629 Office Building is at 629 N. Sixth Street and is the former site of the Tippecanoe County Jail, Sheriff's Department and Sheriff's residence. When the Tippecanoe County Law Enforcement Building and Jail opened in 1990, the county vacated the 629 Building and used it for storage until December of 1991. A study was done in 1990-91 for its conversion to a juvenile detention facility. The conversion estimates were 1.5 to 2 million dollars and current detention standards would not have been met because of the acreage of the site. As the vacant building was subject to vandalism, the Board of Commissioners decided to start using the offices and converting the cell blocks to usable space. Emergency Management moved in December of 1991 from its leased premises to the Sheriff's office wing as a temporary home. In 1993, the Board of Commissioners hired H.L. Mohler & Associates to study the building for future development as an office building. In December of 1993, Emergency Management moved into the former Sheriff's residence, Community Corrections moved in the Sheriff's office wing and Weights and Measures moved into a portion of the cell block area. In February of 1994, the Maintenance Department moved its shop tools, etc. from TCOB to 629 and Veteran Services moved into the former radio room area and a lift to the TEMA office was added for accessibility. The Board of Commissioners entered into a five year lease with the Lafayette Reading Academy since no county departments needed the space to be used in the next five years by the Lafayette Reading Academy. The former juvenile wing was converted to archive space for the county records.

Total Project Cost

\$403,569.30 was spent for cell block removal and office renovation. The funds spent have been Cumulative Capital Funds and General Funds.

PROJECT T - CAPITAL OUTLAY
FOR INFORMATION SERVICES
COMPUTER HARDWARE AND SOFTWARE REPLACEMENT

Identification and General Description of Project

The computers and software in use in the Tippecanoe County Courthouse and Tippecanoe County Office Building currently have insufficient capacity and processing speed to meet the Information Services needs of Tippecanoe County Government. The Capital Outlay will be for the acquisition and installation of a CD-ROM network sharing device, funding of the equipment replacement account to provide for the replacement of broken and obsolete computing equipment, acquisition and installation of Microsoft Office 2000 software replacing the previous version for which support will no longer be available, and the installation of a telephone switch expansion board allowing the addition of 16 additional devices to the County telephone system such as telephones, modems and fax machines.

Estimated Total Project Cost

The estimated total cost of the project is \$109,500.00.

Identification of All Sources of Funds for Project

Tippecanoe County will grant the total cost of the project, \$109,500.00, all from the Cumulative Capital Fund or General Fund or a combination of both.

Use of Funds from Tippecanoe County

A maximum of \$650,000.00 of funds from Tippecanoe County will be used to upgrade computer hardware and software as above described.

PROJECT V – CAPITAL OUTLAY
FOR SECURITY EQUIPMENT FOR
TIPPECANOE COUNTY COURTHOUSE

1. Identification and General Description of Project

The Board of Commissioners have determined the necessity of providing additional equipment for the provision and maintenance of security at the Tippecanoe County Courthouse, including the provision of X-ray machines to assist Sheriff's deputies in screening items brought into the Courthouse. The initial expenditure of funds will be for the purchase of two X-ray machines in year 2001. Additional security equipment may be purchased and installed in the future as the need therefore is determined by the Board of

Commissioners in consideration of then-existing conditions and the availability of funds from Cumulative Capital Income Tax, EDIT, county general funds and other sources.

2. Estimated Total Project Cost

The estimated total cost for the acquisition of 2 X-ray machines is \$54,000.00.
